Dear David,

Plaintiff's responses to Defendant's document requests state that "non-privileged documents responsive to [these requests], to the extent they exist and can be located, will be produced for inspection and copying at a date, time and place to be mutually agreed." Please provide copies of any documents you have gathered so far, no later than next Wednesday, July 11. If you believe that the volume of documents is so great that copying should be preceded by inspection and selection, please suggest times for inspection during the weeks of July 16 and 23.

I note that your letter dated July 10 omitted any reference to Document Request No. 7 (discussed in my June 20 letter to you). Was that inadvertent? Do documents exist of the sort that I described in that letter?

I recognize that you are "currently working with Governor Ventura to compile any documents responsive to Defendant's document requests, subject to Governor Ventura's previous objections." Please let me know what documents you anticipate producing after the next week or so, and when you anticipate producing them. Obviously, we need as full a production as possible before we depose Plaintiff.

John
